

NEW! JARMAP

Journal of Applied Research on Medicinal and Aromatic Plants

Aims and Scope

JARMAP is a peer reviewed and multidisciplinary communication platform, covering all aspects of the raw material supply chain of medicinal and aromatic plants. JARMAP aims to improve production of tailor made commodities by addressing the various requirements of manufacturers of herbal medicines, herbal teas, seasoning herbs, food and feed supplements and cosmetics. The Journal covers research on genetic resources, breeding, wild-collection, domestication, propagation, cultivation, phytopathology and plant protection, mechanization, conservation, processing, quality assurance, analytics and economics. JARMAP publishes reviews, original research articles and short communications related to research.

Good reasons for publishing with us

- Online submission, online reviewing
- Rapid and thorough peer review process
- Supports open access
- Online full text via SciVerse ScienceDirect
- Early online availability of accepted papers
- Optional graphical abstract and video sequences
- Digital Object Identifier code (DOI)
- Indexed in Scopus!

Submissions are welcome!
